"Being the recipient of a **Future Fund** grant from the BOSS Charity has been very rewarding. After 15 years in sales, and then redundancy, I needed to re-train. I decided to opt for a career transition programme, and the **Future Fund** grant has allowed me to be accepted for ongoing training, which has significantly improved my career prospects. The application process was simple and straightforward and the support I received was immeasurable."

"Following the completion of my apprenticeship in customer services, I wanted to progress into sales. Funding driving lessons was costly, so I applied to the BOSS Charity **Future Fund** for assistance. The application process was quick and I was awarded the grant within three weeks, allowing me to book an intensive driving course and test. This has helped me to be more customer-facing in a sales role. Thank you!"

"A BOSS Charity **Future Fund** grant supported me in pursuing a Diploma in Professional Digital Marketing through the Chartered Institute of Marketing. The application process for the grant was straightforward, with the grant being awarded just one month later. I now feel better equipped for my role within the business, as well as in the wider industry."
